New York is the World fashion hub and it is the ideal setting for the event. The venue is located at the 17th floor of a historical building right at the centre of the Garment District, the vibrant hub of the New York fashion industry.

Venue: Studio Arte 265 W 37th St, New York, NY 10018

Admission: Trade professionals only

At its first edition, the show has received a very good response with about 20 of the best Print Studios. The results are above expectation with a fully booked venue and an extra room to accommodate the vintage garment section.
